Community Graffiti Day

On Saturday April 28, 2012 from 10 a.m. to noon, approximately one hundred volunteers will be lending a helping hand to paint over graffiti in our city. With the help of City Council Member Elizabeth Stone and the collaboration of the Police and Public Works Departments, volunteers will work to cover graffiti that has been plaguing our Community. This is the third year that this Community Graffiti Day has taken place.

“This event is important not only because we are cleaning up the graffiti that is an eyesore to our community, but it gives the volunteers a chance to invest in the city. After hours of work the volunteers will have a feeling of ownership and pride.”

-Megan Soares, Crime Analyst

Many of the volunteers have been gathered from our local high schools and junior high, however, this event is not limited to students. If you are interested in joining us on Saturday, April 28th, come to the Henry Miller Plaza at 10am. Staff will supply the paint and painting materials. We look forward to this event being positive and rewarding. If you have any questions please contact Megan Soares at (209) 827-7070 x142.
