April 07, 2011

National Take Back Initiative

On Saturday, April 30 from 10:00 a.m. to 2:00 p.m., DEA and partner organizations will set up sites in communities around the country where the public can bring unused, unwanted or expired prescription drugs for safe disposal, no questions asked and at no cost to them.

The Los Banos Police Department is proud to take part in this National event and has been selected as a prescription drug drop off site. A drop off site will be located at the Los Banos Police Department where members of the community can anonymously dispose of their medication.

“This gives the public an opportunity to dispose of their old medication safely. Nationally, this was a huge success back in September when the first event took place.”

-Ray Reyna Jr., Administrative Commander
