

## City of Los Banos Housing Division Team and Objectives

---

The Housing Division serves the City of Los Banos under the direction of the Community & Economic Development Department. This division is represented by a Housing Program Manager and an Outreach Coordinator. This team coordinates the Housing and Homeless Outreach activities with other divisions and departments and is responsible for the development of priorities, goals, and objectives related to the Homeless Response System. In coordination with Merced County and the Merced City and County Continuum of Care, The Housing Division connects unhoused people to resources such as emergency shelter, case management, and County and State resources to obtain permanent housing.
