Option #2 should be the obvious choice - in order to allow everyone an opportunity to vote. Although, I personally vote by mail, there are registered voters that will only vote in person.

In person voters should not be disenfranchised due to the \$31k difference in costs.

Without rehashing all of the funds spent on Pickleball Courts, termination of city manager, the additional expense for encouraging everyone to vote should not even be a consideration.

This will be a Special Election with a low voter turn-out forecast, the council should select option #2 of including in-person voting.

I look forward to the February 19th, city council meeting.

Respectfully submitted,

Baldo M. Salcido
