

Dear Council Member Evan Sanders,

I am writing to express my growing concern regarding the frequent speeding of vehicles along Wand Road. This issue has become increasingly noticeable and poses a significant safety risk to residents, pedestrians and other drivers in the area.

Speeding on Wand Road is not only dangerous but also threatens the well-being of families and children who live nearby. The high speeds increase the likelihood of accidents and make it difficult for pedestrians to safely cross the street, especially during evenings. To address this issue, I would like to suggest a few possible solutions for your consideration: Installation of speed bumps or raised crosswalks, increased speed limit signage and warning signs, regular police patrols and speed monitoring, and improved street lighting. I believe that taking prompt action to address this issue will help prevent potential accidents and improve the quality of life for everyone in the community. Thank you for your time.

Sincerely, Briel DeLaRosa
